Dear parents,

WonderWorks is an organization at the University of California, Berkeley that seeks to get children interested in science by doing fun experiments that showcase its unique and exciting aspects. Our goal is to show that science is fun and that it is present in the world around us. We hope that by exposing elementary school students to science, their interest can develop and grow as they continue their academic journey. During each experiment, members would like to take pictures for memories, our website and scrapbooks, and to document the experiment.

The form attached to this letter gives WonderWorks the right to take pictures, videos, and sound recordings of the students when we conduct each experiment or module in class. The purpose of the pictures, videos, and sound recordings is so that they can be used by WonderWorks to promote the club and pique the interests of other young students as well as potential, new WonderWorks members. Some sample photos can be seen on our website: www.wonderworks.berkeley.edu. By giving your consent, you allow us to take and use pictures of your student in class and post them on our website.

Sincerely,

Wonderworks
